

The R-clip, also known as R-pin, is an essential mechanical component for securing shafts, bolts or rods in a wide range of sectors including automotive, agricultural, industrial and engineering.

Its unique 'R' design ensures a firm and secure hold without the need for additional tools, making it a practical and versatile choice.

Benefits:

- Easy to install and remove without special tools.
- Reusable, ideal for both temporary and permanent fixings.
- Resistant to vibration, ensuring a reliable hold in demanding conditions.

MATERIAL: C60 steel
FINISH: Zinc plated

Part Number	Ø d size	Denomination	L mm	A mm	B mm	H mm	D mm	Box Quantity	Outer Box Quantity
