

Stainless Steel Two Ear Clip

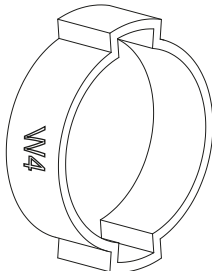

The stainless steel two ear clip is a compact solution with no welds manufactured entirely in AISI-304 stainless steel, guaranteeing robust and safe assembly. The two ears give the clip extra grip and help to maintain constant pressure around the hose.

The edges are rounded to avoid damage to the hose. The fact that these clips are manufactured entirely in AISI 304 stainless steel makes them especially recommended for outdoor and marine applications.

The practical design of ear clips means that you can see at a glance if the clip has been correctly mounted, as the clamp should adapt to the form of the hose or tube and the two sides of the ear should touch.

Application Ø		Part n°	A	B	C	D	E	Colour	Box Quantity (MOQ)	Outer Packing
min.	max.									
5	7	2301210-8	7,3	4,3	6,0	11,5	0,6	Stainless Steel	2.000	16.000
7	9	2301211-6	9,3	4,8	6,0	14,5	0,8	Stainless Steel	1.000	16.000
9	11	2301212-4	11,3	5,3	6,5	16,5	0,8	Stainless Steel	1.000	8.000
11	13	2301213-2	13,3	5,8	6,5	19,0	0,8	Stainless Steel	500	8.000
13	15	2301214-0	15,3	6,3	7,0	21,5	1,0	Stainless Steel	500	4.000
14	17	2301215-9	17,5	6,6	7,0	24,0	1,0	Stainless Steel	500	4.000
